

***Petition to Fund Long Term Care Beds to the Cost of Living  
To the Legislative Assembly of Ontario:***

**Whereas**, seniors and families deserve long-term care beds that provide high quality care in their community.

**Whereas**, according to the Ontario Long Term Care Association 2016 Report, 97% of residents need help with daily activities such as getting out of bed, eating or toileting .

**Whereas**, there are currently 26,500 people on the waitlist for long-term care, and that number is expected to double in the next six years..

**Whereas**, long-term care homes require stable and predictable funding each year to help pay for rising cost of operations, provide quality care and invest in more beds.

**Therefore:** We the undersigned, call on the Legislative Assembly of Ontario to move quickly to pass Bill 110, *the Long-Term Care Homes Amendment Act, 2017*, and ensure that funding for food and utilities reflect changes in the cost of living.
