

***Petition to Reverse Cuts to Physiotherapy
To the Legislative Assembly of Ontario:***

Whereas the Ministry of Health eliminated non-hospital physiotherapy service from the Health Insurance Act; and

Whereas this elimination dramatically reduced the number of allowable treatments to 12 per year for people who are currently eligible for 100 treatments annually; and

Whereas under the changes, the cost of visits under the CCAC (Community Care Access Centre) model rose to \$120 per visit, rather than the previous fee of \$12.20 per visit through OHIP physiotherapy providers; and

Whereas funding for physiotherapy services to seniors in long-term-care homes was cut by almost 50%, from an estimated \$110 million per year to \$58.5 million per year

WE the undersigned petition the Ministry of Health as follows: That the province reverse its reduction in services for those previously available for those who are eligible for OHIP-funded physiotherapy.
